Inspired from the miracles of the natural world and to see how complexly the living and non-living components interact to maintain the rhythm, I always wanted to explore life. From the microscopic planktons to the gigantic whales, living world amuses me. So my aim is to build my career as a scientist, a work field that excites me the most.

Experience

Project assistant - 11/2018 to 02/2020

Project associate - 02/2020 to present

CSIR-NATIONAL INSTITUTE OF OCEANOGRAPHY, COCHIN
